

Rules and regulations

You must follow these steps:

- **Register online at www.prixdesign.com;**
- **Receiving a link by email to submit your documents on DROPBOX.**

IMPORTANT

We should have receive your online inscription before **October 19, 2017 at 11:59** and your digital file before **October 26, 2017at 11:59**.

Eligibility

The **GRANDS PRIX DU DESIGN** are awarded to designers, industrial designers, architects and landscape architects throughout Québec, practicing in all fields of interior design, for projects realized here or abroad.

Projects must be completed between September 30, 2015 and the date of the application.

Jury and Awards

The jury gathers experts of interior design, architecture, landscape architecture, industrial design or communications (advertising or graphic design).

The jury gives awards to competitors registered in each category. It may grant more than one award per category or none. It may also create new awards. Jury deliberations are confidential, and decisions are final.

Submitting your application

Only applications that fulfill all presentation regulations will be accepted.

- **Online registration;**
- **Reception of the digital file (MAC Compatible)**

Mandatory digital visual documentation

For each project, photographs must be submitted in high (**300 dpi**) and low (**72 dpi**) resolutions, for a minimum picture height and width of **12 inches**.

All submitted digital pictures should have the following requirements:

- Coloured pictures;
- 12" of minimum width and height;
- Always submit in high (300 dpi) and low (72 dpi) resolutions;
- Official nomenclature: each photograph must be identified with the project's, the designer's and the photographer's names and the picture number according to the following format:

Name of the project_Number of the categories_Name(s) of the designers or the agency_@photograph_01.jpg

- Professional photographs and license free.

Images of the winning candidates might be used in various communication platforms, including the special issue of INTÉRIEURS magazine about the competition, the trophy, the web site or else.

Photo credits

Photo credits must be given and clearly identified on the file and on the forms.

In case of the photographer retains the copyright for submitted images, a signed authorization from him or her must be included in the application giving competition organizers permission to reproduce, publish, represent and/or otherwise disseminate said images in any medium and venue, to promote the competition and its winners, or for any other purpose recognized under Québec copyright law.

The authorization granted to competition organizers by the photographer must be non exclusive, free of charge, with no territorial limits and for an unlimited period of time.

Competition organizers cannot be held responsible for or liable in any possible litigation with the photographer regarding the publication or dissemination of his or her photographs.

Other Credits

- Be sure to fill out all the credits required on the application form for each project;
- Competition organizers are not responsible for omitting individuals or organizations in the credit of a winning project;
- Competition organizers are also not responsible for any litigation between professionals involved in a project, or between them and their client(s).

Online registration :

The online registration must be completed. It is important to indicate the maximum of information. This information could be published, among other things in the special issue of INTÉRIEURS about the winners.
